Robbed by Her Pastor.
YOUNGSTOWN, O., March 20.—The jury in the case of Rev. J. P. Vanette indicted for embezzling \$1,200 from Mrs. Julia Homer, a widow here, after being out twenty-four hours, came in at 8 o'clock to night with a verdict of guilty. Vanette is a Methodist minister, and under representation that

On obtaining the deeds Vanetten sold to the property and skipped, but was a prisoner in Toledo and brought here.

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for all catarrhs, hay fever and cold in the head—has induced many adventurers to try the catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the name of Ely's Cream Balm. Do not be deceived. Buy only Ely's Cream Balm. Many in your neighborhood will be glad to testify to the commendation of it. A particle is applicable to each nostril; no pain; agreeable to use. Price 50¢. 5 cents. 77mar

A Chicago man, brought up in the habit of drinking and disorderly, denied that he had ever used Ely's Cream Balm. He was then asked a certificate of membership in the order of Good Templars.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictest purity, and is the best of its kind it is possible to procure. The ingredients are carefully selected, personally examined, and only the best retained. Sarsaparilla is the best medicine. Hood's Sarsaparilla is prepared, everything is carefully watched with a view to securing the best result. Why do you try it?

It is said that Scotch lawyers are so particular in their attention to the plurals that in legal proceedings, if they refer to a number of persons or things, they say "the stores."

JURY DISAGREED.

In the Case of Harple and Fleming, Indicted for Burglary.

The case of the State of Ohio against G. Harple and G. Fleming indicted for burglarizing Dever's drug store at Fredericktown, February 1889, was called on Monday and Tuesday of this week.

The testimony showed that Harple, Fleming and others had been on a drinking bout during the evening, and between 12 and 1 o'clock, a party of five or six persons, including Harple and Fleming, went to the cooper shop of G. C. Harple to steal the same. Harple went to the house of a neighbor to secure some butter and went to one or two houses to invite some friends to the "house," and then the case was kept up until an early hour. No direct testimony was offered implicating the accused in entering the drug store, but the prosecution endeavored to show that Harple made admissions to several witnesses that he and Fleming had obtained a bottle of brandy and keg of liquor during a period they were absent from the cooper shop preparing for the feast.

Judge McElroy charged the jury at the 1 o'clock session, and after all the night deliberation, they came into Court Wednesday at 9:30 a. m., and submitted a verdict of disagreement—the vote standing nine for sustaining the charge and three for acquittal. The State gave motion for a new trial.

MT. VERNON.

What She Is and What She Can Be Made.

If Our Citizens Only Do Their Part—A Few Practical Points for Consideration.

"There is a tide in the affairs of men, which if taken at the flood, leads on to fortune."

The above quotation has a powerful meaning and may be applied to the citizens of Mt. Vernon. This tide is now hovering around our city and the flood is at its full height. The tide we refer to is the tide of manufacturing establishments that are seeking admission into our city and which, if secured, would do more than anything else that has occurred in the last decade to build up our beautiful little city. Within the last few years, the Board of Trade has received a number of propositions from the representatives of manufacturing establishments to locate their works in this city. The correspondence entered into has now narrowed down to that point that something must be done at once by our citizens in order to secure some of these works.

The Secretary informs us that the following are the different kinds of works that are seeking admission here, and the number of men they will employ: Paper Mill, 150 to 200 men; Wholesale Furniture Factory, 50 to 100 men; Spoke, Hub and Wheel Factory, 50 to 100 men; Axe, Pick, Sledge, Hammer and Hatchet, Hacksaw Factory, 15 to 20 men; Builders' Hardware Manufacturing, 125 to 200 men. For obvious reasons the present location of the above establishments and the names of the parties operating them, are omitted.

To secure any or all of the above works it will be necessary to donate land, erect buildings, and pay them some sum of money to locate here. They cannot be secured for nothing. The day is passed for manufacturing establishments to move their plants to other cities or start up new ones in population centers where they are seeking admission here, and the number of men they will employ: Paper Mill, 150 to 200 men; Wholesale Furniture Factory, 50 to 100 men; Spoke, Hub and Wheel Factory, 50 to 100 men; Axe, Pick, Sledge, Hammer and Hatchet, Hacksaw Factory, 15 to 20 men; Builders' Hardware Manufacturing, 125 to 200 men.
